**CAPT Annual General Meeting 2021**

**Friday, April 30, 2021            7:00 – 9:00 p.m. Eastern Time**

As our priorities shift and our work in the mental health sector is under more pressure than we could ever imagine, it is important to connect with colleagues - other play therapists who can relate and support you. The way we work, how we engage, and address challenges has changed. This weekend will provide you with the tools and the support you need to carry you through this crisis we find ourselves maneuvering through.

Join us to meet virtually with CAPT members and leadership.
